

University of Massachusetts – Boston  
Department of Chemistry  
Graduate Program  
**Thesis Committee**

Masters students are required to choose three members of the chemistry faculty, one of whom is to be your advising Professor to serve on their Thesis committee.

The responsibilities of a Thesis Committee member are the review of a finished version of the student's thesis, as well as the presence and participation by the committee member at the oral presentation and defense of the thesis by the student.
