

Chem 103, Spring 2006
Prof. Sevian
Assignment 11

Homework Assignment

↪ Chapter 8: problems 2, 5, 7, 11, 17, 21, 23, 29, 33, 37, 39, 45, 47, 49, 53, 61, 65, 67, 84

Answers to the red problems in the book are in the back of the book. Worked out solutions to all the problems are in the Student Solutions Manual, which you have access to if you purchased the bundle from the bookstore. Otherwise, you can use one of the paper copies of the Student Solutions Manual on reserve at Healey Library. Only the red problems are assigned. However, to study for exams I encourage you to try the other problems also.

Announcements

↪ Lab 9, all lab sections, is moved up one week, i.e., Lab 9 will be happening during the week of April 17-21. There will be no labs the week of April 24-28.

↪ Exam #3 will be on Thursday, April 27, during the regularly scheduled class time, split between the two rooms as the other two exams have also been. Homework up to and including this assignment (#11) will be included on the exam. See the study guide and other materials posted on the course website for more information.

↪ The final exam for this course is scheduled for Monday, May 15, 8:00-11:00 am, in S-1-006 (small science auditorium, where we meet for lecture). I am attempting to get this changed to a different location. Stay tuned... In the meantime, please look up the final exam times (can be found at <http://www.umb.edu/students/registrar/>) for your other courses and find out if you have any scheduling conflicts that you need to work out with your professors.
